

UFCW International Union ICAP Audit

During the period 2005 through 2008 under the George Bush presidency, in his effort to go after unions, he demanded that the DOL conduct ICAP audits of international unions. The CTW (Change to Win) audit, like UFCW, had scathing results, NOT bookkeeping issues like IUJAT had.

Please view the UFCW's ICAP audit results.

Each year close to **\$1,000,000.00** of your dues money is sent through MCGEO to the UFCW.

You are even paying for dry cleaning bills of UFCW leaders!
